2002

Come along on a remarkable journey of discovery into the deliciously decadent world of sweets. **Sweet Paradise** is a four part mini-series that traces the origins of one of our greatest pleasures - our love affair with sugar and all things sweet. Over four exhilarating hours **Sweet Paradise** portrays the discovery and the process, the dramas and the legends, the agony and the ecstasy of our sweet dreams. This mini-series combines meticulous research with fascinating archival footage that brings you back to a time and place full of sweets – and sometimes bitter - discoveries.

You'll hear delightful and surprising anecdotes concerning the medicinal qualities of chocolate. You'll tingle with pleasure when learning more about the power of chocolate as a favorite aphrodisiac. Tracing this epic and delicious story of sweets makes for mouthwatering entertainment. Who knows, it may even give you a sugar high without the calories.

A worldwide industry of over 80 billion dollars per year!
