2011

Passionate about traveling and discovering new cultures, Madeleine undertakes with her lover/director Olivier, what will certainly be the trip of their lives. With their backpack and the eye of the camera for only witness, they will cross, abroad the legendary Transsiberian, the 10 000 km that separates St Petersburg from Vladivostok, Russia. During this epic journey, which represents a quarter of the earth's circumference, our explorers will face many difficulties, but it will all be balanced by every moment of joy and all the new friends they made on their path. Follow Madeleine and Olivier through many known cities such as Moscow and St Petersburg. Take a look at the magnificent Baikal Lake and the mountains in the Stolby's national nature reserve. Discover the heart and soul of today's Russia. **TRANSSIBERIAN, my love**, is the perfect occasion to get to know a country that opened its borders to tourism only 20 years ago.
