

# Galala

YOUTH

GALALA is an artistic competition, a surprising show which goes out to meet young kids of 5-15 years. In a lively musical atmosphere, the animator gives each show a dynamic pace while showcasing performers, by encouraging and initiating with them short and warm conversation. For each steps, the animator is assisted by a young local correspondent, aged 16-22 years, who has the task to interview each candidate. It also shows us his city, its main attractions, or his favorite secret spots. At the end of each program, a local star-personality designate the winning number. The 11th step is the Grand GALALA where the finalists can be found on the red carpet and have a new number. A selection committee designates the recipient of the Grand Trophy GALALA. It is neither a game nor a competition, but rather a GALALA!
