## Sharky & George

ANIMATION

The fun-filled adventures of two brainy- and briny- private eyes who are always in the swim of it. As crime busters of the deep, no mystery is too unfathomable for Sharky, the wise cracking pink shark, and his pilot fish sidekick, George. From their office in the depth of Seacago, capital of the seven seas, Sharky and George do battle against all those slippery villains who try to “mussel” in on honest denizens of the deep.
