This is the story of a group of toys that were abandoned and forgotten and who, on a dark and stormy night, in extraordinary and mysterious circumstances, became ... human. And delightful, hilarious humans at that! These former toys have created a new world for themselves ~ a wonderful, parallel universe called Salmigondis.

Meet our newly human friends: the beautiful ballerina, who's a bit of diva, and imagines she's a princess in a fairy tale; an over-eager rescuer; a rock and roll witch; a clumsy, adorable cowboy; a friendly monster; a video game superhero and her robot sidekick; and a kind of grumpy pirate and his faithful side-kick, Matey.

Life can be lots of fun in their new ragtag world, but it's not always easy. Thankfully, in Salmigondis, laughter saves the day, every time!
