What if 9 to 12-year-olds discovered different cultures through the eyes of children like them? That's exactly what The World Of... is all about. Offering portraits of children of various ethnocultural backgrounds presenting their passions, pets, or any other small treasures. They talk about their origins - language, traditional dishes, festivals and more. It's pure discovery through a child's eyes arising from their everyday lives and carried by endearing personalities.

Ready to meet some great kids?
