Documentary on the inner world and the life within us. Beyond the visible and the facades, this film aims to be an honest and caring exploration of the light and shadows present in each of us. Without religious overtones, animated by life, humility, and wisdom, about fifteen speakers from all walks of life share their discoveries, failures, and victories on the subject. Simple and beautiful images punctuate the narrative. An introspective, philosophical, and psychological film filled with beauty, worth watching and revisiting multiple times!
